

1	Stream	Town	Road	Y	X	Directions	Parking	Notes
2	Dingley Brook	Casco	Point Sebago Rd	43.9301316	-70.5427237	Rt. 302 to Point Sebago Rd. Site is about a half mile up the road on the left side of the road	Side of road *There is a no Parking sign next to the site so parking on the other side of the road might be better	Sample downstream of road near "No Parking" sign. Substrate is not ideal, sampling could be done on small rocky patches
3	Rolfe Brook	Raymond	Plains Rd	43.945433	-70.4852074	Stream crossing is just west of Timanous Rd	Side of road	Great Site
4	Gay Brook	Raymond	Spiller Hill Rd	43.9797126	-70.4243086	Stream crossing is just east of Knapp Rd	Pull-off	Sample downstream of road
5	Meadow Brook	Casco	Lower Coffee Pond Rd	43.9643467	-70.5065008	Near Beginning of Coffee Pond Rd.	Next to PVC gate on the right side of the road	Sample downstream of road
6	Northwest River	Sebago	Fitch Rd	43.8614284	-70.6416188	Rt 114 to Fitch Rd (northern end)	Park in the road in front of the closed bridge	Sample between island and bridge
7	Unnamed	Standish	Mosley Rd	43.7834196	-70.5647799	Rt 114 to Mosley Rd	Paved pulloff just before bridge	Sample on downstream side of bridge in rocky area
8	College Swamp Brook	Otisfield	Bolsters Mill Rd	44.059775	-70.5627719	0.5 miles west of Spurrs Corner	Sandy area on south side of road next to culvert	Sample downstream (south) of road. Owner of neighboring house expressed concerns w/ housing development on College Swamp upstream and mentioned brook trout.
9	Thomes Brook	Harrison	Pond Rd	44.048851	-70.6402321	500 feet down Pond Rd across from the white house. Stream runs alongside the road	Sandy area on roadside across from the house	Good site
10	Carsley Brook	Harrison	Edes Falls Rd	44.0821887	-70.6451352	1/4 mile north of intersection with Carsley Rd	Side of road	Very sandy banks
11	Woodsum Brook	Harrison	Summit Hill Rd	44.1375	-70.648333	100m down Summit Hill Rd from Rd 117	Side of road	Sample about 30ft upstream of road

12	Smith Brook	Bridgton	Rt 37 (Bridgton Rd)	44.115937	-70.702665	About a half mile north of the intersection with Monk Rd	Side of road	
13	Unnamed	Bridgton	Trull Brook Rd	44.107222	-70.7725	Turn onto Trull Brook Rd from Bridgton Rd, continue about 1 mile to bridge	By gated path next to bridge	
14	Unnamed	Waterford	Back St	44.1642604	-70.7172041	Halfway down Back St (crosses between Sweden Rd and Rt35)	Pull-off across from old mill	
15	Willett Brook	Bridgton	Willett Rd	44.0453697	-70.7050363	Turn onto Willett Rd from Rt 302, Stream is just past Hannaford and Town of Bridgton Building	Along roadside or at LEA Science Center parking lot	Mayflies and caddisflies, some trash around stream. Sample downstream of road crossing, enter at edge of Town of Bridgton building parking lot. Sparganium and roots along undercut banks could be sampled.
16	Willett Brook	Bridgton	Highland Rd	44.0554965	-70.7119792	Cross footbridge in Shorey Park and go right down rocky slope	Highland beach/Shorey Park parking lot on Highland Rd by end of Creamery Rd	Sample about 15m below dam
17	Barkers Brook	Albany TWP	Crooked River Causeway	44.2995841	-70.7762627	About a quarter mile north of Mosquito Pond Road intersection	Side of road (More space on west side, if coming from the south it might be good to turn around)	There is space to pull off the road but it is not ideal as there were many logging trucks speeding down the road. Site is nice and easy to get to once parked.
18	Crooked River	Albany TWP	Mosquito Pond Rd	44.296124	-70.778934	Turn onto Mosquito Pond Rd from Crooked River Causeway, stream crossing is 100ft up the road	Gravel area next to bridge	Good parking but not many smaller rocks that can be picked up
19	Patte Brook	Albany TWP	Patte Brook Rd/Forest Service 59	44.334931	-70.798202	Turn onto Patte Brook Rd from Rt 35, drive ~3 miles and turn left onto Forest Service Road 59	Parking area just after turn, before bridge	Great Site! Cross bridge on foot and walk down on left side of the road to the rock bank

20	Crooked River	Albany TWP	Crooked River Causeway	44.2875006	-70.7772215	In Google Maps, find Hatstat Road, Albany Township to locate the Rte. 35 stream crossing	Park on the side of Rte. 35, being careful to park completely off the road (lots of dump trucks and logging trucks on this road but there is room to pull off the road next to the bridge)	Portland Water District collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river late August – late September. Their rock bags will be located on the downstream side of the bridge, and marked by orange flagging tied to a tree branch on the riverbank.
21	Crooked River	Otisfield/Harrison	Rt 117	44.1535852	-70.6040031	The closest landmark is the Twin Bridges Preserve in Otisfield and you can find this in Google Maps. walk through the rest area and find an access point to the river.	There is a rest area with a parking lot right on the bank of the Crooked River (separate from the preserve parking lot)	Portland Water District collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river late August – late September. Their rock bags will be located on the downstream side of the bridge, and marked by orange flagging tied to a tree branch on the riverbank
22	Crooked River	Naples	River Road	43.9978806	-70.5721036	This site is just below the old dam called “Edes Falls” on River Road in Naples. The site is just north of the intersection of Edes Falls Rd. and River Rd. in Naples.	There is a sandy pull-off on the side of River Road for parking. If you’re heading north on River Rd., this is the first pull-off you see on the right	
23	Muddy River	Naples	Lake House Road Crossing	43.9498929	-70.6281403	This site is where the Muddy River crosses Lake House Road, just before it enters Sebago Cove.	Side of road	Portland Water District collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river late August – late September. Their rock bags will be located on the upstream side of the bridge, and marked by orange flagging tied to a tree branch on the riverbank.

24	Mill Brook	Naples	Cooks Mill Rd	43.9867071	-70.5607706	Stream crossing on Cooks Mill Rd just south of Broadway Ave intersection.	Side of road	DEP collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river July - August.
25	Mill Brook	Casco	Edes Falls Rd	44.0104176	-70.5341192	Turn onto Edes Falls Rd from Meadow Rd and continue to parking area/gate. Walk about 100ft North from the parking area to reach the stream.	Parking area, make sure to not block the gate or road because it is used by logging trucks.	DEP collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river July - August.
26	Crooked River	Waterford	Norway Rd	44.2309194	-70.7541619	Look for a rest area/pull-off about 1 mile east of the intersection of Norway Rd and Rt 35	Rest Area	DEP collects macroinvertebrates here, so please be careful to avoid their rock bags that will be sitting in the river July - August.
